

IT'S ROCKET SCIENCE

+ PARTIES + + AND EVENTS +

AVIATION & SPACE PARTIES FOR KIDS OF ALL AGES

When failure is NOT an option for your next party, we will have your little astronauts, budding aviators and space fanatics counting down for BLAST OFF or rolling down the runway for take off.

FREE GIFT *for the birthday child!*

BLAST OFF ROCKET PARTY!

Want to discover the secret to safe DIY rocket fuel? This high velocity experience will captivate every child's curiosity and involvement when they build, customise and launch water rockets to altitudes over 60 metres!

PLAY PLANE PARTY

Climb on board, strap into the harness and experience imagination-fuelled flights in a real-life aircraft set up as an airport at your location. Then construct your own foam glider and learn how to make your flying machine reach for the skies.

Ignite their passion by getting up close to large-scale rockets, launch their own rocket in our Aerospace Challenge activity and join in the Distance Challenge aiming at planets located on the rocket range.

With interactive, age appropriate games and free time to explore, this will be a party that every child will remember.

1 HOUR | 15 CHILDREN

\$360*

/per party

*Price excludes GST. \$100 non-refundable deposit required at time of booking. \$10 per additional child. Available in Greater Brisbane area only. Full Terms & Conditions available at www.itsrocketscience.com.au
