## THE IMPORTANT STUFF...

- > THOROUGH RISK ASSESSMENTS
- > PUBLIC LIABILITY INSURANCE
- > PROFESSIONALLY DEVELOPED
- > INDOOR & OUTDOOR EVENTS
- > SUITABLE FOR ALL AGES & ABILITIES

## PLAY PLANE

Climb on board, strap into the flight harness and experience imagination-fuelled flights in a real life aircraft set up as an airport at your location. Construct your own foam glider and learn how to make your flying machine reach for the skies.

## IT'S ROCKET SCIENCE

Young engineers and curious kids will discover the wonders of rockets, flight and space technology. Make a simple bottle rocket from recycled items then experience the spectacular fun of launching water propelled rockets to altitudes over 60 metres high... all from a simple soft drink bottle!

## BLACK OPS (NIGHT)

Under the cover of darkness build luminescent rockets and watch them glow as they are launched into the night sky. Add some fun and excitement to an evening event as the glow rockets fly up to 60 metres!
